- FAA said they had a report of hijack in progress, but had no knowledge of small A/C crash into WTC-1.

→ NORAD said A/C had been scrambled from Atlantic City.

ATCC — He says NNSC has FAA on a separate line. → He believes that ADDO has FAA on ~~the~~ a separate line).

— ATCC — reference to weapons free → he says this was not the passing of Shoot down order. → Shoot Down order was explicit and came later.

— You could hear a pin drop when order was given.

- PEOC reports V.P. has cleared us to engage inbound A/C if we can confirm it is a hijacked A/C that is headed TO D.C.
- He recalls someone said - WH says when A/C is 15 minutes outside of D.C. - Permission is granted to shoot down A/C.
- He distinctly recalls this as the moment of confirmation that "we were at war". → When someone conveyed the V.P. said or V.P. himself said fighters are cleared to shoot down A/C when it is 15 minutes from D.C. if they confirm it is a hijacked A/C.
- He remembers report of A/C down in Pennsylvania very soon after shoot down order was given.
